Tell us more

At Falck Renewables **partnerships with the communities** around our wind farms are at the heart of everything we do.

Our approach to business is based on a strong belief that all our **wealth and jobs come from the land** on which our projects are built and the people we share these sites with.

We believe in **nurturing talents** and we are committed to supporting young people develop professional skills related to the renewable energy sector.

We are particularly interested in supporting students working towards a qualification on **wind energy**.

Our support scheme provides funding to help young people **access training opportunities** which will develop them into the professionals we could work with in the future.
