

FALCK RENEWABLES
Sustainability at the core

Best Community

Project Competition 2018

This competition is open to projects that have been at least part funded by a Falck Renewables community benefit fund or BenCom.

We award 3 prizes to the best projects amongst the Falck Renewables Community, undertaken within the last 5 years.

The 1st prize of £3,000, 2nd prize of £2,000 and the 3rd prize of £1,000 will be paid to the winning community fund or BenCom, as additional support for community projects.

All applications will be posted on the Falck Renewables' Community Portal (www.community.falckrenewables.eu).

Apply before 12 October 2018!

Send your application to:

community.uk@falckrenewables.eu

Send the application with any accompanying photographs and/or videoclips. All entries will be posted online so please submit material you are happy to make public.

How do you vote?

Every Community Trust and BenCom will receive a link to a survey monkey online vote, open from October 13 to November 13. Each Community Trust and BenCom can use 3 votes for their favourite projects but will not be able to vote for their own application. Only one vote can be used per project.

For more information: www.community.falckrenewables.eu

What kind of projects?

Each community benefit fund or BenCom can submit just one entry. Entries must be able to demonstrate they meet one or more of the following:

- Innovation in the nature of the project itself or its funding
- Encouraged greater use of local facilities
- Improved quality of local facilities
- Improved life for at least part of the community
- Delivered a long term benefit in the area
- Improved the sustainability of a community
- Encouraged employment
