

Best Community Project Competition 2018

Project # 3

Cill Chuimein Medical Centre

Project description

Re build a modern medical centre for the community of Fort Augustus , Glenmoriston and Glengarry after the old medical centre was burnt to the ground. The rebuild of the MC brings opportunity to the community as we have increased the size by 100% due to a modern layout and enabling 2 floors to be used by inserting a lift into the new building.

Anticipated results

We will have a modern surgery with enhanced facilities and this will stop us having to do a 45 mile round trip to see a GP. The building will be approximately double in size to the old surgery which will also allow us to bring in more services to the community from Podiatrist,Optician,Dentist and Physiotherapists. We are though being allowed to pilot a new service called Near me which allows individuals to consult with consultants through technology similar to VC.

Name of community benefit fund

Millenium Benefit Fund

Name of the community

Fort Augustus & Glenmoriston

Wind farm

Millenium Wind Farm

Location

Fort Augustus / Glengarry

Total project budget

£1,051,000.00

Support provided by Falck Renewables

£250,000.00
