

Are you a student considering a career in the renewable energy sector or a business looking to upskill/reskill your workforce in sustainable energy?

Apply to the 'Falck Renewables Support Scheme for Sustainable Energy Studies 2021'

At Falck Renewables **partnerships with the communities** around our wind farms are at the heart of everything we do.

We believe in **nurturing talent** and we are committed to supporting young people develop professional skills related to the renewable energy sector.

We are particularly interested in supporting those students or technicians working towards a qualification in energy and renewables.

Our support scheme provides funding to help young people **access training opportunities** which will develop them into the professionals we could work with in the future.

**TO REQUEST FINANCIAL SUPPORT
APPLY BEFORE 15 FEBRUARY 2022**

HOW TO APPLY

- Applicants must be **16 or over** at the start of the course.
- Eligible applicants are those individuals living within **Okla and Hennøy** Falck Renewables wind farm community areas.
- Applicants must be studying a **qualification** that would help them gain professional skills they can use in the **renewable energy sector**.
- All applicants must complete the online application form, including details of a **academic referee** who is willing to support the application.
- The annual fund will be **shared** between the successful applicants.
- Falck Renewables may decide to provide a portion of the support applied for.
- Falck Renewables will cover expenses which assist the applicants to complete their course. Eligible expenses include **travel/commuting costs, training materials (books, software), internet connection and equipment**.
- The successful applicants must provide **receipts or evidence** of all their expenditure.
- Evidence that the applicant is registered and attending the course will be required before any money is paid.
- Applicants may be asked to repay funds if they fail to complete the course.
- Applications will be considered by a **Falck Renewables committee**.
